

FOR IMMEDIATE RELEASE

Phoenix, AZ, September 13, 2016—Local consulting engineering firm, Speedie & Associates, Inc. announced the promotion of Jason C. Wells, P.E. to Vice President. The announcement was made by Brett P. Creaser, P.E., Senior Vice President and CFO.

“Wells has been an integral part of the firm’s stability, growth, and success. He has consistently demonstrated that he understands our mission as an engineering-based, customer service oriented, and employee-centric for-profit firm and comprehends the delicate balance between each of these elements,” said Creaser.

Wells joined the construction materials testing division of Speedie & Associates, Inc. in 1996 and due to his diligence and skill, advanced to the role of Field Services Division Manager. He specializes in construction materials testing and special inspections for vertical construction and is highly regarded by our clients for his expertise, delivery, and follow-through. As Vice President, Wells joins the ownership team and his role will continue to grow as he assumes greater corporate responsibilities, including guiding the definition and implementation of Speedie & Associates, Inc.’s vision.

Mr. Wells received his Bachelor of Science in Civil Engineering from Arizona State University. He is a Registered Professional Engineer in the State of Arizona and a long-time member of the American Society of Civil Engineers (ASCE).

About Speedie & Associates, Inc.

Speedie & Associates, Inc. (S&A) is a consulting engineering firm specializing in geotechnical and environmental engineering as well as construction monitoring and materials testing. Our firm has extensive experience in Arizona and the Southwest and has operated in Phoenix since 1980. S&A’s main office and laboratory facility is based in Phoenix, Arizona and currently operates branch facilities in Tucson and Flagstaff, Arizona.

Consistently ranked as one of Arizona's top specialty engineering firms, S&A provides clients with sound, economical solutions to today's sometimes-difficult engineering scenarios. As a recognized leader throughout Arizona, S&A is dedicated to customer service by providing highly talented and committed individuals who will work together with a strong sense of unity and teamwork to achieve, and excel beyond, the goals of each project. S&A’s professionals have strong, long-standing working relationships with local, county, and state agencies that help facilitate projects through the regulatory requirements from the planning stage through final completion.
